June 2009 Graduated with honors and was given a merit award in both schools

## Professional Experience

- June 2013 - **Engineering Intern**, *SQE, Google*, Dublin.
  - Aug 2013 Helped improve user experience of internal tools by developing a complex, reusable, usage analytics framework and analyzing a sample of extracted data. Elaborated an extense business-intelligence statistical report that could potentially lead to important time savings for the team. Completed several minor projects.
- May 2012 - **Freelance web and mobile developer**, at *Cloudspokes.com*, username: *alfongj*.
  - May 2013 Did several web and mobile development projects for Cloudspokes.com. [Click here](#) for an updated list of projects I've participated in
- March 2012 - **President**, *Imagineware*, Madrid.
  - currently Imagineware is a student association for mobile and web development learning. As president, I have had the tasks of helping organise more than 10 events (such as workshops, contests, meetings...), getting new members, designing marketing campaigns, searching for and speaking with possible sponsors, etc.
- Nov 2012 - **Android freelance developer**, for *IT&IS*.
  - Feb 2013 Developed Android mobile and tablet version of app "[Todas Mis Recetas](#)", with a rating of 4.6/5 and more than 100.000 downloads, at March 2013
- May 2012 - **Mentor**, for *Google Summer of Code*.
  - Aug 2012 Mentored a student to develop several improvements on a web application for the Gambit Project. Attended Google's HQ in Mountain View in Oct 2012 for a Mentor Summit
- Nov 2011 - **CTO and sole developer**, *Groupject*, Madrid.
  - Jan 2012 Groupject was a social project management platform that participated in the startup 'preaccelerator' Tetuan Valley. I had to develop both the front-end (HTML5, jQuery) and back-end (Play! Framework, PostgreSQL, Heroku hosted) of the application.
- May 2011 - **Student developer**, in *Google Summer of Code*.
  - Aug 2011 Spent 3 months improving the Game Theory Explorer web application for the Gambit Project organization, under the Google Summer of Code program
- Jan 2010 - **Research assistant**, *GIAA, Carlos III University*.
  - Dec 2010 Helped to research for an article in evolution strategies
- Before 2010 **Occasional jobs**, Madrid and Alicante, Spain.
  - Have been several times student tutor and shop assistant at a family business

## Languages

Spanish	<b>Native</b>	
English	<b>Proficient</b>	TOEFL (108/120), Cambridge Advance (A) & BEC Vantage (A), Trinity 10
German	<b>Basic</b>	4 years at high school (avg grade: A)

## Extracurricular achievements and activities

### Achievements
